Kasota Island Preservation

Clear Lake's Kasota Island, which is privately owned, has been used by generations as a gathering spot for people of all ages. We now have a unique opportunity to purchase the island from its present owner and preserve it in its natural state for future generations of Clear Lakers to use and enjoy.

We invite you to read through the materials listed below then consider joining the over two hundred Clear Lakers who have already made a voluntary pledge toward the island preservation purchase.
